This year a new program was begun in the Dickson School System--an instrumental music department. Band was offered to grades 5 through 12 with over 100 students participating in the first year. This year, being the first year band was offered, was primarily a year of preparation for future years of performance.

Plans for the band this year included: formation of a high school band council; several observation band trips; playing for pep assemblies; pep band for basketball games; and a Spring Band Concert.

Future plans and hopes of the band include: new band uniforms; some new school purchased instruments; a new band room; attending all football games and performing; attending parades and contests; and becoming one of the best bands in Southern Oklahoma.

High Choral Groups "Tune Up"

The 1973-74 Music Department began the year with a busy schedule. Some of the activities included the OSU Thanksgiving Festival, Variety Show, and All-District Chorus.

Under the direction of Dora Lee Kizer, 99 Junior and Senior High students participated in Vocal Music this year. The entire chorus was divided into groups which made up the Girl's Chorus, Mixed Ensemble, Boy's Quartet and Triple Trio. Throughout the year some of these groups provided entertainment for local clubs, schools, and churches.

Commercial Printing Highlights "Comet Times"

The Dickson High Schools Newspaper staff tackled a new phase in Journalism. They had their paper commercially printed.

The staff consisted of 14 students under the direction of rotating co-editors.

The staff was especially interested in covering Dickson area news with various feature stories.

The "Comet Times" was the name chosen for the 1973-74 edition.

Yearbook Staff Adds Photography Department

Selecting pictures for the yearbook is part of the job these students face.

Left to right: Jana Wright, Jamie Shelton, Shirl Abney, Deanna Lowe, Joyce Garrison, Kathy Moore, Cheryl Russell, Nita Edwards, Radonna Parker, Paula Jack, Rhonda Russell, Patty Futch, Patti Elliot, Loyce Hixon, Cindy Harris, Karen King, Karen Day, Miss Herron, Karen Lawson, Leonard Coffman, Leon Sanders, Ricky Hillis, Danny Carnes, Drexel Haynes.

Twenty-four Junior and Senior class students worked together to make this yearbook a yearbook worth looking at.

The new Photography department was headed by Mr. Larry Dunn. Karen Lawson and Leonard Coffman helped as student photographers. Some of the money obtained from advertising sales helped purchase basic photographic equipment.

Dickson Board of Education

Row 1: Nathan Boucher, clerk; Ernest Moore, superintendent; Eldon Jones, president. Row 2: Shirl Conway, vice-president; Joe Carrol, member; Charles Watson, member.

There's a lot more to running a school than taking up lunch money and seeing that the water fountains get fixed. School funding, best obtained through careful study of government programs, is a great concern of the Dickson Board of Education and Supt. Ernest Moore. As well as looking out for the budget, the school officials help plan and co-ordinate school activities.

While grading papers Mrs. Barrett runs on to a problem. Is this Monday or Tuesday, or could it be Friday?

While sitting and eating her apple, Miss Herron is thinking what she will do tonight: read, decoupage, or cook one of her favorite meals.

Mrs. Steele is the Family Living teacher, the Home Ec. teacher, and F.H.A. sponsor. With all this responsibility you would think her evenings would be full, but she still has time for cooking, farming, and swimming.

Mrs. Freida Keith is first grade teacher at Springdale School. She is busy teaching her students the alphabet.

Mrs. Cochran is taking advantage of spare moments while students take timed writings. She also teaches bookkeeping, shorthand, and typing. In her spare time she enjoys fishing and camping.

Mr. Sweeten gets his exercise by walking from the gym to the high school.

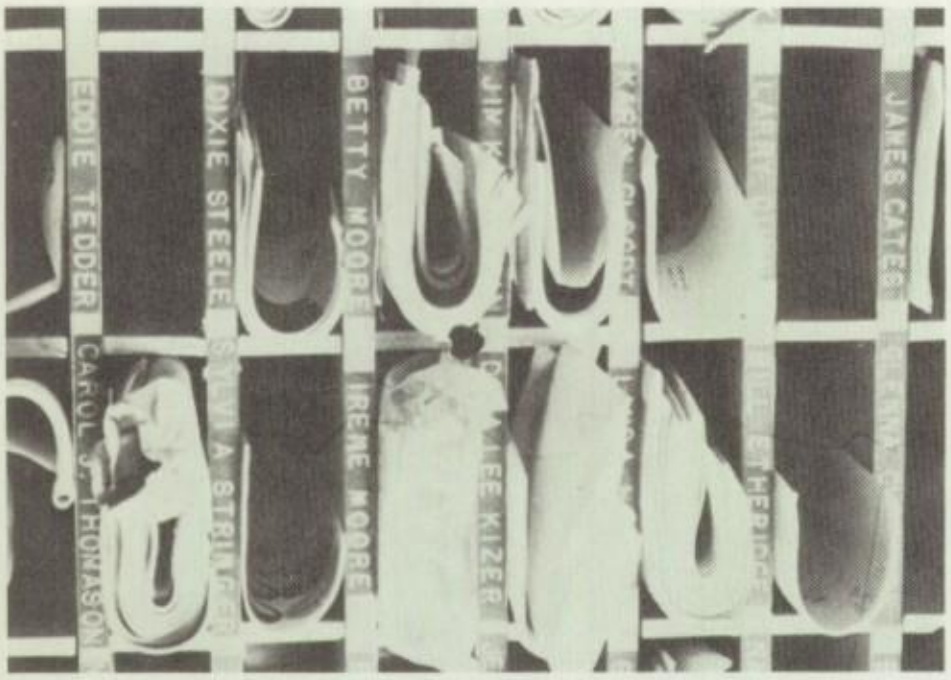
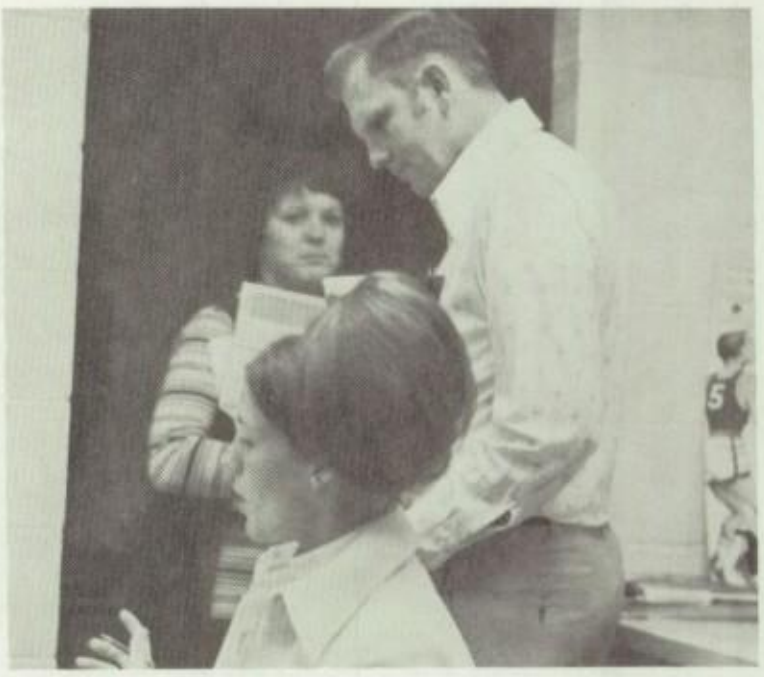
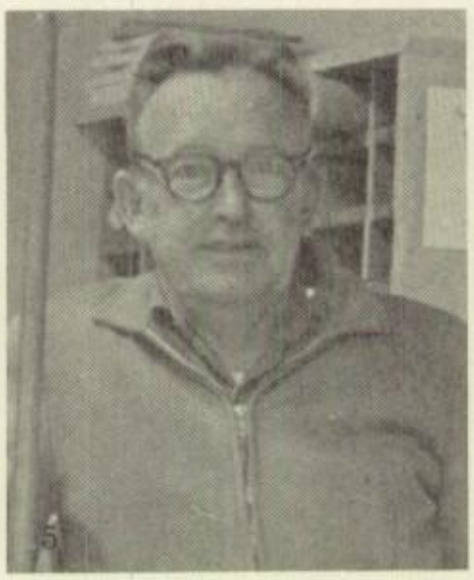
Teachers at Ease





Teachers, like students, just appreciate a moment every now and then to relax. Some enjoy "getting away from it all" over a cup of coffee, while others enjoy visiting with fellow teachers. Still others find it refreshing to just read something besides the textbook. And yet, others try a new taste sensation (pie-in-the-eye) for a change of pace.

People We Couldn't Do Without



There are always people that stay behind the scenes and do their work steadily and yet get little recognition publicly. Such people are the cooks, bus drivers, and janitors. With the help of these people in their work, the school is even more efficiently run.

1. Bus Drivers: P. Coffman, J. L. Holley, M. E. Dickinson, J. Volino, D. Gibbs, J. Sullivan, J. Behrens, V. Wells, D. McClendon.
2. D. Williamson, O. McCombers, N. Kendricks.
